

# Gwarchodfa Natur *Spinnies* *Aberogwen* Nature Reserve

## Ceir dwy fynedfa

Gan gerdded rhyw 150m yn ôl i fyny'r ffordd o'r maes parcio, ceir giât i Guddfan Glas y Dorlan. Mae'r guddfan yn rhyw 50m ymhellach. Ceir mynediad i'r guddfan drwy gyfrwng stepiau gyda rheilen i gydio ynddi.

Mae'r ail a'r brif fynedfa yn 150m ymhellach ar hyd y ffordd. Mae'r brif guddfan yn rhyw 200m i mewn ac mae modd defnyddio cadeiriau olwyn ar y safle yma. Mae graean ar y ddau lwybr ac maent yn wastad. Ni cheir mynediad i ardaloedd eraill o'r warchodfa, ar wahân i laswelltir bychan gerllaw'r traeth. Nid oes arwyneb ar y llwybrau troed yn y fan yma, ond maent yn wastad a cheir mainc yma hefyd.

## There are two entrances

Walking roughly 150m back up the road from the car park, there is a gate to the Glas-y-Dorlan (Kingfisher) Hide. The hide is about 50m further. Access to the hide is via steps with a hand-rail.

The second and main entrance is a further 150m along the road. The main hide is about 200m in and is designed for wheelchair use. Both paths are gravelled and even. There is no access to other areas of the reserve other than a small grassland area adjacent to the beach. The paths here are unsurfaced but level and there is also a bench.
